In many instances, it will be necessary to refer to city code provisions in order to determine when a fee, charge, rate, tax, etc is to be imposed. The Fee Schedule generally includes a citation to the applicable city code provisions.

- i. tax rates (except as noted in section B of this Introduction);
- ii. utility and other public enterprise rates;
- iii. limits on fares, rates, and charges that may be charged by passenger vehicles for hire;
- iv. filing fees for candidates to municipal office; and
- v. other fees, charges, rates, taxes, etc. to be charged or imposed by the City.

- i. assessments under sections 77 - 81 of the charter or G. S. 160A-216 et seq., other than interest on assessments;
- ii. ad valorem property taxes;
- iii. most privilege license taxes (also called business taxes); however, the Fee Schedule generally includes privilege license taxes adopted pursuant to division 7 (Privilege License Taxes Not Related to or Restricted by State Law) of chapter 30 of the city code; also, the Fee Schedule includes fees (as contrasted with taxes) adopted pursuant to article V (Privilege License Taxes) of the city code;
- iv. charges specifically named “civil penalty” or “civil penalties”;
- v. charges for infractions or criminal violations, including misdemeanors; and
- vi. other charges not yet incorporated into the Fee Schedule. Only City Council action can authorize the repeal of City fees, charges, rates, taxes, etc., so the fact that a fee, charge, rate, tax, etc., does not appear in the Fee Schedule does not necessarily mean that it is not in effect.

“PR” in historical and source references indicates the “Parent Request” number in Onbase Client, the City’s agenda review computer program, where one can find relevant City Council agenda material.

If an “Under Construction” notice appears, consult the appropriate City department.

The rates, charges, fees, fares, taxes, and limits set out in this Fee Schedule shall apply.

(a) Imposition of interest for delinquent debt. The City Council of the City of Durham has found that it is in the public interest to impose late payment charges on certain delinquent and past-due general billing accounts because such charges may help ensure that the accounts are paid on time. A rate of interest of 8% simple interest per year from the date of delinquency shall be imposed on debts in this Fee Schedule where the City Council's intention to impose this Part 1-101 is manifest. A provision stating substantially "The provisions of Part 1-101 (Interest applicable to certain delinquent debt) apply to [the indicated obligations]"

Note: This Part 3-102 was not placed in the fee schedule by the city council. It is included in the fee schedule only as a convenience. These fees are set by N.C.G.S. section 143-318.12(b)(2).

A sliding Fee scale is available for DPR's Care Program participants (After School, Summer Camp, Intersession, Fun Days). Scale is based on NC Health and Human Services poverty guidelines based on number of persons in household and household income. This is the current scale.

Individuals facing extreme hardship and are unable to pay the 10% may appeal for further reduction as it remains the philosophy of DPR that we will not refuse anyone service because of their inability to pay.

If a court of competent jurisdiction determines that an interest rate set lower than 9% pursuant to this Part is invalid or unenforceable, the applicable interest rate shall be 9% for the entire period that the lower interest would have applied if it had been valid and enforceable.
